Karlovac is a positive example of an environment where quality and a timely recognition of companies’ potential has been directed at a quick solving of the problems faced by investors in Croatia. Through joint effort, cooperation and consultations with investors, Karlovac has found a formula for a smooth and efficient solution to administrative obstacles that make doing business difficult.

Administrative and professional services of the City of Karlovac are always available to assist and consult investors and project engineers; licences for business projects aimed at increasing production capacities in the Karlovac area are issued expeditiously and special attention has been given to the needs of investors while creating physical plans. That is why Karlovac is a city where economic goals are actually accomplished and projects implemented.

Hard work, dedication, availability of city services for consultation and the openness to investors, Karlovac University of Applied Sciences as the seat of experts for economic subjects in function of the local economy, tourist and agricultural potential, business zones, as well as the promising, but still under-utilised business and tourist facilities, present a potential for Karlovac to take off economically and create new jobs.

*Investors - see you in Karlovac!*
Karlovac is situated at the Dinaric edge of the Pannonian plain at the transition to the hilly part towards the Mediterranean. It is known as the town on four rivers: the Kupa, the Korana, the Mrežnica and the Dobra, as well as a city of parks. Karlovac is a relatively new settlement, having been founded on the 13th of July 1579. It was founded as a military fortress in the plain, at the confluence of the Korana and the Kupa rivers. Its construction was based on the idea of an ideal renaissance hexagonal star-shaped town, with a square in the centre and streets intersecting at right angles, and is a valuable cultural heritage.
Karlovac is the administrative and economic centre of the Karlovac County, situated in central Croatia and bordering two countries: Slovenia and Bosnia and Herzegovina, as well as four counties: Zagreb County, Sisak-Moslavina County, Lika-Senj County and Primorje-Gorski Kotar County. Karlovac has 55,981 inhabitants (based on the 2011 census), which makes it one of the top ten most populated cities in Croatia.

The total area of Karlovac is 402 km², and it comprises of the following:

- woodlands and farmlands: 64%
- water: 16%
- developed land and construction sites: 20%

Karlovac Beer Days - parade
They say that Karlovac is made to fit people. It is neither too big, nor too small - it abounds with historical sites, and yet is open to modern life, rich in culture and filled with greenery and rivers, close to the capital - Zagreb, but also close to the sea...a perfect place for a harmonious life and creativity. Such a city provides comfortable living for everyone, children and young people, families, older people, but also for the disabled. Karlovac is a city open to knowledge, and this has been recognized by young people who come to Karlovac to get an education. The Karlovac University of Applied Sciences today educates over two thousand students, and secondary schools offer attractive programmes as well.

3.1 Taxes

The general tax system in the Republic of Croatia is defined by the General Tax Act and is based on a group of direct and indirect taxes. The Croatian tax system can be seen on the Ministry of Finance, Tax administration web page:

www.porezna-uprava.hr/porezi

> Special benefits and reliefs for economic subjects (lower profit tax, better terms for approving loans, etc.) and for physical persons (lower tax base for paying taxes, etc.) apply in the Karlovac assisted area (cca 50%) identified as areas with difficult economic conditions.

Some basic taxes

Value added tax: 23%
Profit tax: 20%
Income tax-calculated on tax base parts according to tax categories:
(at annual level)

- up to HRK 21,600.00, tax rate 0%
- from HRK 21,600.00 to HRK 43,200.00, tax rate: 12 %
- from HRK 43,200.00 to HRK 108,000.00, tax base: 25%
- above HRK 108,000.00, tax base: 40%

The City of Karlovac taxes

(Decision on municipal taxes: “The City of Karlovac Gazette” (“Glasnik Grada Karlovca”) 7/11 - http://www.karlovac.hr)

- surtax on income tax: 12%
- consumption tax: 3%
- tax on holiday houses: HRK 8.00 by m2 of useful area
- tax on trade name: HRK 150.00 to 700.00
- It is possible to get a tax relief (50% or 100%) when paying tax on trade name.
Facilities construction duties

3.2

1) Utility services payment

(Decision on utility services payment: “The City of Karlovac Gazette” (“Glasnik Grada Karlovca”) no. 07/04 - [http://www.karlovac.hr](http://www.karlovac.hr))

Facility construction investors are responsible for paying utility service fees. They are calculated according to cubic meter (m³) and depend on the zone and facility type. The Karlovac administrative and professional services calculate and collect utility service payments. Paying of utility services is a prerequisite for obtaining a building permit. Info: www.karlovac.hr

Utility services are not paid:
1. for business facilities in assisted areas (cca 50% of the City of Karlovac area)
2. for business facilities in zone 4 of the City of Karlovac

Utility services payment reduction:
1. for production facilities 50% of reduction
2. for business facilities of investors who were disabled during the Homeland War - the reduction equals their disability percentage
3. for business facilities where scarce occupations or activities of a special interest for Karlovac would be conducted, reduction according to a special decision of the City of Karlovac

2) Water supply tax

(Regulation on water supply tax “Official Gazette” no. 78/10, Ordinance on calculation and payment of water supply tax “Official Gazette” no. 79/10 [http://narodne-novine.nn.hr](http://narodne-novine.nn.hr))

The facility construction investor is responsible for paying the water supply tax. The calculation method and water supply tax amount depend on the zone and facility type. Professional services of Hrvatske vode-water management of Kupa-Karlovac branch office carry out the calculation and the collection. Payment of water supply taxes is a prerequisite for obtaining a building permit. Info: www.voda.hr

3) Fee for connecting buildings to utility infrastructure facilities

(Decision on connecting to utility infrastructure “The City of Karlovac Gazette” no. 4/02, 9/02, 7/04 - [http://www.karlovac.hr](http://www.karlovac.hr))

The facility construction investor is responsible for paying for the connections of buildings to utility infrastructure facilities. The calculation method and the fee amount depend on
the type of connection (drinking water supply, waste and precipitation water drainage in public drainage system) and type of a building (business, residential). Professional staff from Vodovod i kanalizacija d.o.o. carry out the calculation and the collection. Payment of these fees is a prerequisite for obtaining a building permit. Info: www.vik.hr

4) Fee for connecting to power-supply network

Professional staff from HEP-operator distribucijskog sustava d.o.o. DP elektra Karlovac carry out the calculation and the collection for the connection to the existing power-supply network. The amount to be paid for the connection is calculated per 1KW of the leased power. Additional information on: www.hep.hr

3.3 Business operation duties

1) Payment for municipal services

(Payment for municipal services decision, “The City of Karlovac Gazette” no. 11/02 - http://www.karlovac.hr)

Persons responsible for payment are owners, i.e. beneficiaries of the following: housing space, garage space, business premises, construction sites used for business activities and undeveloped construction sites. Professional services of the City of Karlovac carry out the calculation and collection. Info: www.karlovac.hr
> It is possible to get a fee reduction up to 75% when paying for municipal services.

2) Monument annuity

(Decision on monument annuity amount, “The City of Karlovac Gazette” no. 13/10, 5/11 - http://www.karlovac.hr)

Persons responsible for paying monument annuity are legal entities and natural persons who are subject to income tax or profit tax and who carry out business activities in areas of cultural and historic interest. Professional services of the City of Karlovac carry out the calculation and collection. Info: www.karlovac.hr
> Beneficiaries of concessions on cultural goods, as well as natural persons and legal entities with manufacturing or production as their predominant activities, can get monument annuity fee reductions.

3) Water contribution

Water contribution is the income of Hrvatske vode (water management company) and the resources are assigned for water management. Info: http://www.voda.hr

Public space lease

(Decision on leasing public space and undeveloped construction sites owned by the City of Karlovac, “The City of Karlovac Gazette” no. 7/11 - http://www.karlovac.hr)

The amount of rental fee for public spaces and undeveloped construction sites owned by the City of Karlovac depends on the City of Karlovac area (3 zones) and the intended usage of the land. Professional service of the City of Karlovac manages public space leases. Info: www.karlovac.hr
Data on available resources for implementing investment projects

Renewable energy sources

The physical plan of the City of Karlovac specifies areas which have the possibility for building small water power plants, using geothermal sources, as well as co-generation plant of the city’s heating plant on biomass.

Geothermal potential - Rečica source

One of the biggest renewable energy source potentials, situated 8 km from Karlovac. During the initial research, at the depth of 1500 m, water temperature of about 140 degrees Celsius has been found. (additional research required). Economic potential: building thermo-electric power plant, using it for agricultural purposes (curing plant, refrigeration plant, greenhouses, freshwater fish breeding and other), as well as tourist and recreational facilities with pools.

4.2 Land

Agricultural land

Out of the total Karlovac area, agricultural land covers 54.9%, i.e. 21,752 ha. The City of Karlovac does not own agricultural land, but it currently manages 1510 ha of agricultural land owned by the state according to the Agricultural Land Act, and based on the Management programme for agricultural land owned by the Republic of Croatia in the area of the City of Karlovac. The City of Karlovac can sell or lease or grant a concession for this land.

Land characteristics:

- different soil values - possibilities for growing field, vegetable and fruit crops
- preserved soil - possibility of growing organic products
- vicinity of rivers - which enables the irrigation of agricultural land
- terrain configuration, from plains to rolling hills

For more information on agricultural land in the City of Karlovac contact: gradonacelnik@karlovac.hr or by fax: +385 47 628 134.

Land for building business and industry facilities

The administrative area of the City of Karlovac covers 402 km2, and it is owned by various legal entities and physical persons, institutions, the Republic of Croatia, Karlovac County and the City of Karlovac. Construction method and conditions have been specified by
planning and physical documents also available on the City of Karlovac web page: www.karlovac.hr / physical plans (the City of Karlovac physical plan published in “The City of Karlovac Gazette” no. 1/02, 5/10, 6/11 and other documents)

10. Football stadium
Karlovac was built in the 16th century as a renaissance city in the form of a regular hexagonal star encircled by trenches.

Karlovac was founded as a strategic military fortress for defense against the Turks. It was built as an ideal fortified city, in the form of a hexagonal star with an orthogonal matrix of 12 streets, and is European and world-class example of pure renaissance architecture. The 13th of July 1579 is recorded as the initial date of the construction under Martin Gambon, and this date is still celebrated as the city’s birthday.
The Old Town of Dubovac

The Old Town of Dubovac was built at the end of the 12th century, on a hill, in the vicinity of present-day Karlovac. This building also played a military defense role in its eventful history, most of all in the defense against the Turks. During the 15th and the 16th century it was owned by the noble Frankopan and Zrinski families. Today it is under protection as a cultural asset and is being renovated with a new, cultural tourism purpose.

Vrbanić’ Park

Vrbanić’ Park is protected as a horticultural monument due to its value. It was formally opened in 1896, and its founder was the Mayor of Karlovac Josip Vrbanić. This park has an aesthetic, stylish, artistic, cultural, historical and scientific value, and the inhabitants use it for sightseeing, rest and recreation.
